ABOUT ORGANIZATION

Action Against Violence is one of the India's premier section 8 non-profit organisation registered under Ministry of Corporate Affairs, New Delhi, India, aims to end gender-based discrimination & prevent crime against women and children in India. On this first-of-its-kind web-app (www.actionagainstvviolence.org) through infographics - checklist and Safety Map public can identify safe zones across the city in Hospitals and police stations, or Psychologist, to find immediate guidance on ground. At Action Against Violence we believe in achievement of United Nations SDG 5- Gender Equality through investment in strong partnerships and institutional building.

Equality, Safety and Autonomy should be a guaranteed right and reality for women around the world. Mission: Make India Free from Crime against Women and children. Promote Gender Equality, women empowerment & girl education. Provide legal, psychological and financial help to victims of rape, sexual violence, acid attack and human trafficking. Rescue human trafficking victims from sexual slavery and child labor

ABOUT R.O.T.F

RESCUE OPERATION TASK FORCE (R.O.T.F) is a certified & trained team of Action Against Violence to work for an Undercover Project (OPERATION UNDERGROUND RAILROAD) to conduct chain of raids and rescue minors from human trafficking and prostitution rackets. The members of the Task Force work as Undercover Officers and locate prostitution racket location i.e brothel, spa, five star hotels, flats, kothis, etc and further intervene and conduct raid and rescue victims.

The Project is an Undercover Operation and more than 100s of prostitute and brokers work for (R.O.T.F) to trap traffickers therefore all the details and information is only shared with Expert Licensed Member after the completion of training to maintain high level privacy and secrecy. The Task Force will be assisting many Government Enforcement Agencies like AHTU, Interstate police team, DCPCR and various Stakeholders.

ABOUT THE TRAINING COURSE

Trafficking of women and children is one of the grave organized crime, extending beyond boundaries and jurisdictions. Combating and preventing human trafficking requires holistic approach by all stakeholders and integrated actions on prosecution, prevention and protection. successful conviction of offenders, redressal of grievances of victims and consequent prevention of crimes of human trafficking is possible when the first responders i.e. the police agencies perform their task diligently. The Task includes collection of intelligence of crimes, registering crimes in the police station, prompt action in investigation and prosecution and also ensuring all legal and administrative follow-up measures. Police plays a vital role in prevention of trafficking of women and children for commercial sexual exploitation in cooperation with the other stakeholders. In India, sections of Immoral Traffic Prevention Act (ITPA 1956) explain the various activities involved in trafficking.

Under Section 5, trafficking includes procuring, taking and even inducing a person for the sake of prostitution. Even attempt to procure and attempt to take or cause a person to carry on prostitution is an offence. This Manual provides this capability. Training on AHT, no doubt is a synthesis of the 'knowledge' related to the legal and procedural aspects dealing with AHT; with the 'skills', of the officers who investigate cases of AHT, and 'attitude', of viewing the trafficked person as a victim/survivor of exploitation that gets translated in the manner of dealing with the victim/survivor. This Manual attempts to bring about this three-pronged change through its contents and via its application. The manual highlights that police, as the upholder of human rights, have to claim their rightful opportunity vis-à-vis securing the trust and confidence of the victim/survivor. This casts a duty on police to prevent and combat human trafficking (HT). This Manual empowers the police agencies in this direction.

METHODOLOGY

Three months of the online+offline session will be through Live classes and on-field training. There are separate timings of the session for each week. Each session will be of one hour (45 mins presentation/talk followed by 15 min question-answer session). Participants enrolled for offline mode will receive training in Delhi training center. While participants opting for online mode will receive the link of the live session in advance through their registered email address, for uninterrupted session attendees are requested to download the Zoom app in their respective mode of connection (Laptop, Mobile Phone etc.) Live demo raid and Field visit to Police station, Forensic labs, red light area, prison and court will be conducted during the last 2 week of training in batches. Participants opting for online mode have to visit the training center prior to on-field training and live raid.

Any training is attempted with an objective to bring about some change. Change involves both learning and unlearning. While it is, at times, easier to 'accept' new information and practices, it has been found that practical training and on-field experiences lead to greater understanding of any course.
